ABOUT LATHAM OIL AND GAS, LLC

LATHAM OIL AND GAS LLC is a private owned LLC operating under top 25 tiers banks for buying and selling of Natural Resources, Mines, Diamonds and Hydrocarbons LATHAM OIL AND GAS LLC has been into investment and purchasing of oil and gas since 2010 and with wide range of experience we ensure to ease buying or selling of commodities in E-Commerce via banking security of funds and transfer of goods and services to avoid bankruptcy loss of time and delays we work with time factor and this is why our clients and partners like our way of conducting business as we have never had a failed deal we tend to keep business moving and expand globally because of our drive we believe in togetherness and help to give back to the community our share of energy and acquisitions .
Our Line of credit extends to 25 top tier banks where we have the availability and liquidations to fund contracts and purchases with up to 10 Billion United states Dollars revenue we are ready capable and willing to invest in your trade and cover all areas especially in Hydrocarbon our mission is to secure more allocations every year for our exit buyers whom are mostly airline and aviation companies so we have vessels and storage reservoirs but the Oil is never enough we operate in Rotterdam Terminals , Russian Ports, Chinese Ports and Houston Port .

We always look out for the best prices as high prices are not profitable for our landmark so offers must always be competitive so we can reach a profitable margin for our communities and revenues.
